## NOVEMBER 28, 2016 REGULAR CITY COUNCIL MEETING MINUTES

Pursuant to due call and notice thereof, a regular meeting of the Prescott City Council was held on Monday, November 28, 2016 in the Prescott Municipal Building, 800 Borner St., Prescott, WI 54021.

Call to order/Roll Call: Mayor David Hovel called the meeting to order at 6:30 p.m. Members present were Galen Seipel, Rob Daugherty, Bill Dravis, Maureen Otwell and Jack Hoschette. Joshua Gergen was excused. Public Works Director Hank Zwart, Finance Director Vanessa Norby and City Administrator Jayne Brand represented staff. Also present Russ Kivienmi of Cedar Corporation, City Engineer.

Pledge of Allegiance was said.

Public Comments: Alderperson Seipel stated he had received information regarding DMC and the use of hazardous materials. City staff informed Alderperson Seipel that was not the case. Alderperson Otwell asked if the Police Department carries Narcan. She was told the Police don't carry it but the EMS does. Alderperson also asked about the tree inventory. If there had been any issues with the emerald ash borer which needed to address. Public Works Director Hank Zwart stated there had not been any issues. He had recently received correspondence which stated Pierce County is not in the infested area. Alderperson Otwell also asked if there had been any updates on the fishing dock and was told it comes down to finding funding.

**Otwell/Daugherty motion to approve the consent agenda which included regular city council meeting minutes for November 14, 2016, finance committee meeting minutes for November 14, 2016 and Prescott Public Library Board of Trustee meeting minutes for October 13 & 20, 2016 passed without a negative voice vote.**

**Daugherty/Dravis motion to open the public hearing for the 2017 budget passed without a negative voice vote.**

Finance Director Vanessa Norby presented the 2017 budget as was requested by council with a zero percent increase. City Administrator Jayne Brand made a request to have the funding for an employee in the library who is currently taking health insurance and has given resignation as of December 2016 be moved back to the city contingency fund. The funds were transferred from the city contingency in 2016 to cover the benefit. The consensus of the Council is to transfer the amount of \$11,806 from library budget to city contingency. If the library needs funding for hiring they can make a request to Council. Finance Director Vanessa Norby showed the mill rate for all of the taxing jurisdictions. With the budgets from all of the taxing jurisdictions the mill rate would drop by \$1.00. Norby presented the Council a budget using the net new construction of 1.31%. The 1.31% would be \$28,500. With the net new construction increase the mill rate would drop by \$.90. The consensus of the Council is to take the net new construction.

**Dravis/Daugherty motion to close the public hearing passed without a negative voice vote.**

**Dravis/Daugherty motion to approve Resolution 8-16 "A resolution adopting the 2017 salary schedule for City Employees" passed unanimously via roll call vote.**

**Dravis/Daugherty motion to approve with changes as discussed Resolution 9-16 "A resolution adopting the 2017 City of Prescott General Fund Budget and a Levy for Municipal Purposes, Debt Service, Capital Projects against all taxable real and personal property in the City of Prescott for 2016, collectable in 2017" passed unanimously via roll call vote.**

**Daugherty/Dravis motion to approve Resolution 10-16 "A resolution adopting the 2017 salary schedule for City of Public Works Employees" passed unanimously via roll call vote.** Alderperson Dravis asked for the Waste Water Treatment Plant Operator wage be reviewed.

**Dravis/Seipel motion to approve with changes as discussed Resolution 11-16 "A resolution adopting the special revenue fund budgets for 2017" passed unanimously via roll call vote.**

**Dravis/Otwell motion to approve Resolution 12-16 "A resolution adopting the debt service fund budget for 2017" passed unanimously via roll call vote.**

**Dravis/Otwell motion to approve Resolution 13-16 "A resolution adopting the enterprise funds budgets for 2017" passed unanimously via roll call vote.**

Finance Director Vanessa Norby presented the delinquent utility bills rolled to real estate taxes from 2009-2015. There has been 9.04% rolled to real estate taxes during this time frame and there is currently 1.41% not paid for a total amount of \$13,692.

City Administrator Jayne Brand explained she has been talking with the owner of the Mary T building located at 445 Court St N. Brand was hoping to have a request for funding to demolish the building but had not received the request. Brand explained if the demolish doesn't take place before the end of the year the city will have to secure the building.

Council was made aware of lawsuit filed by Michael Durham against Officer Mark Schultz and Jesse Neely and the City of Prescott. The lawsuit has been turned over to the insurance company.

City Administrator Jayne Brand presented the request from Ptaceks IGA Inc for Class "B" beer and Class "B" Liquor license for The Old Ptaceks. This license would be an exception to the Class "B" liquor license. The exception is for a full service restaurant which seat more than 300. State statues do not have a definition for a full service restaurant so we used the definition for restaurant. The Old Ptaceks have a full service license which has been issued by Pierce County Public Health. City staff had been directed to check with League of Wisconsin Municipalities to see if there was a definition for full service. The attorney at League of Wisconsin Municipalities said there is no definition but whatever the Council decides it needs to be used for all applications. Alderperson Seipel asked if the license was transferable. It was explained it could be transferred to another full service restaurant but could not transferred to another establishment. Alderperson Dravis stated he questioned if we would do this for any business coming into Prescott. Staff informed the Council if any other business came in the same amount of research would be done. The Council also had discussion about the cost of the license because it is an exception license is can be more than \$500. Alderperson Daugherty stated he was in favor of the \$500 for the liquor license. **Daugherty/Dravis motion to approve Class "B" beer and Class "B" liquor for Ptaceks IGA Inc doing business as The Old Ptaceks with the cost being \$500 for the liquor license passed without a negative voice vote.**

**Dravis/Otwell motion to approve Resolution 14-16 "A resolution of the City Council of the City of Prescott Accepting into the City Street System Pine Street Constructed Pursuant to the Development Agreement with the School District of Prescott" passed unanimously via roll call vote.** Mayor Hovel asked about the turnaround for snow plowing. Public Works Director Hank Zwart stated they will be able to back up into the school entrance.

**Dravis/Otwell motion to approve letter of understating with Woodbury Animal Humane Society for 2017 passed without a negative voice vote.**

For consideration to the Library Board Susan Oney and Jennifer Hanson.

First day to circulate nomination papers is December 1, 2016. The two positions currently open are Alderperson for ward 3 & 4 currently held by Galen Seipel and Alderperson at Large currently help by Robert Daugherty.

**Daugherty/Dravis motion to adjourn passed without a negative voice vote.**

Respectfully Submitted,

Jayne M. Brand  
City Administrator

CITY OF PRESCOTT, WISCONSIN

NOVEMBER 28, 2016 PARKS AND PUBLIC PROPERTY COMMITTEE MEETING MINUTES

Pursuant to due call and notice thereof, a meeting of the Parks & Public Property Committee was held November 28, 2016 at the Municipal Building, 800 Borner St. Prescott, WI 54021.

Call to order/Roll Call: The meeting was called to order at 5:30 p.m. Members present were Galen Seipel and Bill Dravis. John Hoschette arrived at 6:15 p.m. Public Works Director Hank Zwart and City Administrator Jayne Brand represented staff.

**Seipel/Dravis motion to approve the minutes for October 3, 2016 passed without a negative voice vote.**

The committee discussed the property owned by the Department of Transportation which is along side the bridge. The proposal is to have the developer for the Vista Croix project add some trails and green space in the area. The Department of Transportation will have a memo of understanding with the City of Prescott for maintenance of the area. There will be lawn mowing and snow plowing which needs to be done but there is also the question of who will repair retaining walls and sidewalks in the future. The committee would like to work together with the developer of Vista Croix on the regular maintenance and also with the future capital replacement and improvements. It was suggested this could be included in the developer agreement. There was also the discussion the city would have to provide two parking stalls for the bridge tenders. It was suggested the first two stalls on Cherry Street could be marked for the bridge tenders. Alderperson Seipel asked if staff could look at the parking area on the corner of Cherry and Dakota.

Discussion was held on the possible lease of property between EdgeBuilders and the Police/EMS building. It was discussed the land could be used for storage only. The area would have to have some sort of dustless material placed on the site. The manhole would need to remain open. The lease would be for five years and renewal thereafter. There was discussion on if the material could be stored in the public right of way and how tall would they be allowed to stack their material. It was discussed they would not be able to access the site from the street. There was also discussion if the city would need the land before the five year term with the Police Department needing more space. The committee also discussed what would be the cost for leasing the property. The consensus of the committee was to have staff ask EdgeBuilders how much they would be willing to pay for a lease and get back to the committee.

**Seiepl/Dravis motion to adjourn passed without a negative voice vote.**

Respectfully Submitted,

Jayne M. Brand  
City Administrator

Minutes of the regularly scheduled meeting of the Board of Commissioners of the Prescott Housing Authority on November 9,2016. Chairperson David Sterud called the meeting to order at 9:00 A.M.

Roll called showed those to be present Brenda Haas, Rich Matzek, Dorothea Morris, and David Srerud. Absent: Gary Dunn.

Also present Anne McAlpine, Management Agent.

Minutes from the September 14, 2016 were approved. Morris/Haas

Financial Reports: Discussed Financial Reports for September 30,2016. Everything looked good and the report was approved. Matzek/Morris

Approval of checks. There were no checks at this time.

No Tenants were present.

Old Business:

- 1) Slab for the covered picnic area was completed in early October.
- 2) Anne McAlpine is still pursuing a grant from Fairmont Minerals for this project.
- 3) As it's getting late in the season plans for the roof part, of the covered picnic area will be delayed until Spring.

New Business: The Lions Club dinner is scheduled for November 14,2016.

Chair Report: There was no Chair Report.

Management Report: There are currently two vacancies with one of those to be filled by December 1,2016. The other unit is currently being updated, with several people on the waiting list.

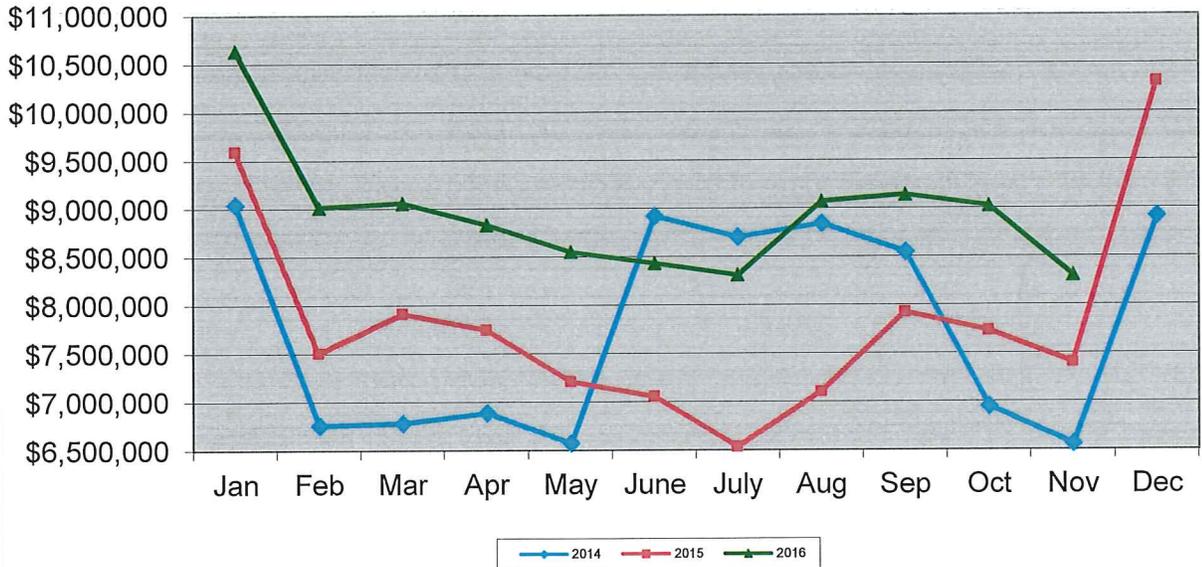

Anne McAlpine handed out copies of the June 30,2016 year end Audit Report which will be reviewed and discussed at the next meeting of commissioners.

Next meeting will be Wednesday December 14,2016.

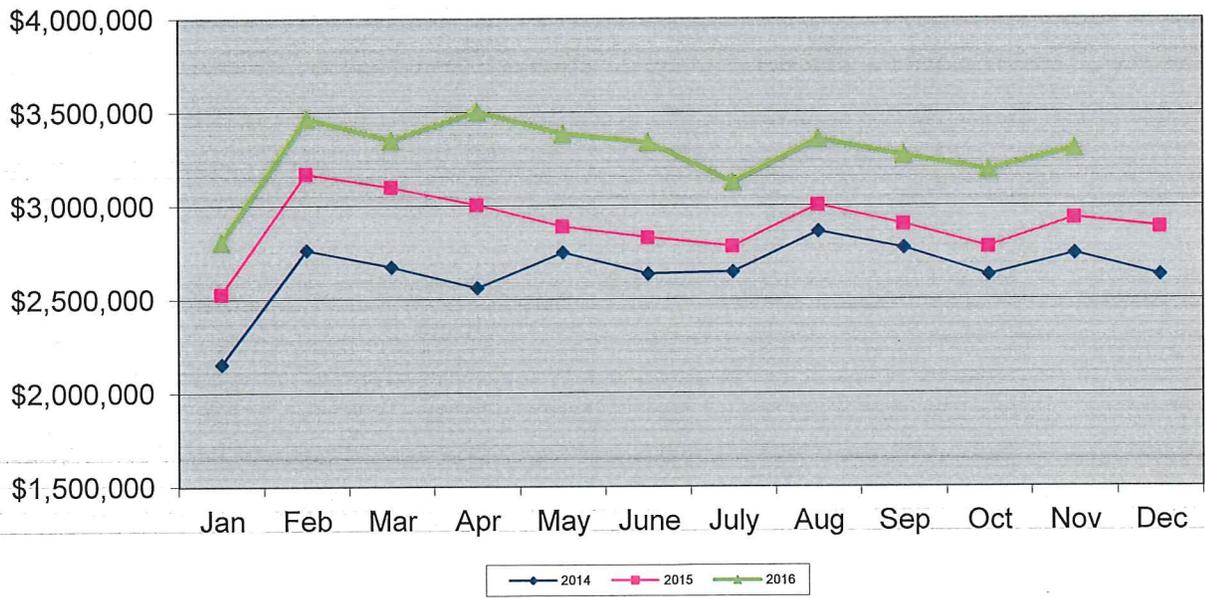

There being no other business, motion to adjourn at 9:42 A.M. Haas/Morris

Respectfully submitted Rich Matzek-- Recorder.

Subject: Cost Proposal MCS RMS

Dear Erin:

The cost to add the CIS MCS RMS to the Prescott PD mobiles is as follows:

**CIS Software Licenses**

MCS RMS 9 at \$1,800.00

\$ 16,200.00  
**Total**

**\$ 16,200.00**

Please call me directly at 877-673-7800 with any questions.

Very truly yours,  
**Computer Information Systems, Inc.**

**Subject:** CIS Additions to Laptops

**Follow Up Flag:** Follow Up  
**Due By:** Friday, December 02, 2016 5:36 PM  
**Flag Status:** Flagged

Jayne,

Per our conversation earlier today, I wanted to communicate the cost/benefits of installing the RMS (Records Management System) side of CIS onto each of the officer's mobile computers. Each officer is assigned a laptop for patrol purposes. Currently, the laptops provide the officer's with mapping (to see other PPD officers and other officer's within the county's location as well as Dispatch may see where officer's squads are should they have trouble raising an officer on the radio), MDT messaging (computer to computer-which keeps certain sensitive information "off the air", among many other useful, safety-oriented features), the ability to run vehicle/person/article information for wanted/stolen, probation/parole and officer safety status. In addition to the "mobile" side of CIS, is the actual RMS system. Presently, the officers have to come back to the office to pull the "mobile card" over into the RMS side of the program and write reports. Installing the RMS side of CIS onto the laptops will provide the officers the opportunity to complete reports while in the car. The benefit of this is great. Officer's will still be out patrolling/parked in their vehicle's while typing reports. They maintain their "presence" and deter both traffic crimes and crimes against both people/property. Officers have the ability to print from their squad cars, to the Police Department printers. This will reduce time spent in the office writing reports and increase the visibility of our patrol cars in the City. In our current office situation, not every station has phone lines hooked up, working phones and there are only 2 workstations where officers may write their reports. The proposed design of the "new" office includes 9 cubicle's providing more space for each officer, privacy from public view (hanging pictures of family, etc) and the ability to complete their own reports at their station without having to move notes and yubi-key's from the officer's workstation to the shared workstation. This will also greatly reduce the chance (because it has already happened) of losing these yubi-keys working between computers. These yubi-keys are smaller than a dime. Having the ability to write their report "on the spot" instead of having to come to the office will reduce the chance a report be "forgotten", if only temporarily, by the officer. If an officer takes someone to jail, they can also write their report while waiting for the booking process to be completed by the jailer, instead of waiting to get back to the City/office to complete it. Reducing the number of workstations, by having part-time officer's share stations, will also save on phone lines. Instead of having 13 stations, we will now have 9. This still allows for growth of the department on a full-time officer basis. Overall, the production/benefit to having CIS/RMS installed is worth the investment. . This will also assist in records management and efficiency in querying public records requests and maintain our compliance in public records requests. The cost of each laptop to have the RMS installed is \$1800. We are currently on a maintenance plan with Pierce County Sheriff's Office, and I'm not sure that amount would increase, if it does, I imagine it would be minimal. CIS has also agreed that we can split the payment/invoice into more than one budget year, yet still having our software installed. This is a non-interest bearing agreement. The price of CIS/RMS has already increased from \$2000 to \$3000 per license. We contracted for the price of \$1800, of which they WILL honor for installing RMS. This is a significant savings. Overall, we have 9 laptops currently with CIS installed, leading the total cost of this proposal at \$16,200. I will be receiving written proposals from Mike Yefsky within the next couple of days.

If more questions arise, please let me know so that I may answer them personally or find out the answer. We appreciate the consideration of this addition to continue to make Prescott Police Department efficient technologically and aligned with fellow departments.

City of Prescott  
Attn: Jayne Brand  
800 Borner Street  
Prescott, WI 54021

Dear Jayne:

At this time P.I.G. Inc. is requesting a Cost of Living increase of 1.9%.  
The increase would be as follows:

Size	Current	Proposed
35 Gallon	\$8.89	\$9.06
65 Gallon	\$10.45	\$10.65
95 Gallon	\$14.21	\$14.48
Recycling	\$2.98	\$3.04

Increase will be effective January 1, 2017

Sincerely;

David A. Deml

**AGREEMENT FOR PROFESSIONAL SERVICES**  
**Between**  
**THE CITIES OF RIVER FALLS & PRESCOTT**  
**and**  
**ESSEX CAPITAL, LLC**

This Agreement, made this 8<sup>th</sup> day of December, 2016, by and between the Cities of River Falls and Prescott (hereinafter referred to as "member") and EsseX Capital, LLC (hereinafter referred to as "ESSEX"), is an agreement for membership in the Community Venture Network (hereinafter referred to as "CVN").

## **SECTION I**

### **Professional Services**

ESSEX shall provide the following services to the member:

A) ESSEX shall professionally manage the CVN.

- 1) Provide support staff services and materials at regularly scheduled meetings of the CVN.
- 2) Notify members of dates of meetings, prepare agendas and necessary materials, and conduct all activities relative to the meetings and functions of the CVN.

B) ESSEX shall conduct an active outreach program.

- 1) Emphasize the availability of member's economic development resources to the business community.
- 2) Maintain continuous contact with accountants, attorneys, venture capitalists, business brokers, and the private banking community to generate referrals.
- 3) Initiate and maintain a business prospecting program.

C) ESSEX shall recruit prospects/presenters for CVN presentations.

1) CVN will identify business prospects in one of the following categories:

- a) "Development stage" companies with existing product lines and seeking expansion capital.
- b) Business acquisitions. New business owners seeking additional equity or expansion capital.
- c) Expansions and/or relocations of existing businesses.
- d) Businesses who will provide high quality jobs
- e) Present a minimum of twenty-four (24) business prospects at regularly scheduled meetings throughout the year.

D) ESSEX shall conduct preliminary review and screening of CVN prospects.

- 1) Assess financial and support service needs of prospects.
- 2) Prepare uniform summaries of applicants that address prospects' needs.
- 3) Schedule follow-up meetings with member community to arrange for contacts with prospects.

## **SECTION II**

### **Payment for Services**

- A) Members/client shall pay, upon execution of this contract, an annual fee of \$4,000.
- B) ESSEX shall notify members/client at least 60 days in advance of the end of any program service year of any changes in annual fees and/or significant program characteristics.

**SECTION III**

Terms of Contract

This is an annual agreement with the service year beginning January 1<sup>st</sup>, 2017 – December 31<sup>st</sup>, 2017.

**SECTION IV**

This agreement may be amended by mutual written consent of both parties hereto duly exercised and signed by both.

**SECTION V**

Each party to this agreement binds themselves and their partners, successors, executors, administrators, and assigns to the other party of this agreement and to the partners, successors, executors, administrators, and assigns of such other party, in respect to all covenants of this agreement. Nothing herein shall be construed as giving any rights or benefits hereunder to anyone other than the parties to this agreement. ESSEX reserves the right to assign their interest in this contract to a related entity, so long as the performance and terms of the program remain as outlined herein.

In witness whereof, the parties have executed this agreement on the 8<sup>th</sup> day of December, 2016.

**Re: Revised Proposal for Design Phase Geotechnical Evaluation  
Proposed Diversified Manufacturing Site  
Prescott, Wisconsin  
CVT Proposal Number: 10270.16.WIL**

Dear Ms. Brand,

As requested, we have prepared this revised proposal for geotechnical engineering services for the proposed Diversified Manufacturing Site in Prescott, WI. The desired borings depths were reduced for a future building site and the ponds, and the tabulation in our original submittal include a duplicate of pond boring depths. We are very interested in providing services for the project and have provided geotechnical design services on a number of projects for the City of Prescott and Prescott School District - including the Prescott industrial park to the west and Prescott High School across the highway from the proposed site.

## Scope

**Boring Depths and Drilling Methods:** A total of 34 penetration test borings have been requested to be performed at the site, with 23 borings in the proposed or future expansion building areas, 6 borings in future proposed streets with utilities and 5 borings in the proposed stormwater areas. Boring depths were reduced primarily for a future building site and the ponds. As modified, approximately 593 of total drilling depth is planned for buildings, roadways, and utilities, and 65 feet for the ponds.

The borings would be sampled in accordance with the American Society for Testing and Materials (ASTM) Method of Test D1586 and D1587 procedures. The building and street & utility borings would be sampled at 2½ and 5 foot intervals while the stormwater borings would be sampled continuously. Groundwater measurements will be recorded at the time of our exploration. Stormwater borings and reporting would be performed in accordance with WDNR Tech Standard 1002 and Wisconsin Administrative Code SPS 382.365 and SPS 385. The borings would be sealed in accordance with Wisconsin regulations.

**Laboratory Testing:** Based on the expected soils at the site, extensive laboratory testing is not expected to be necessary. Five gradation tests with #200 washes have been included in the base scope for the stormwater borings, and are normally required by the DNR. We would use a hand penetrometer to estimate the compressive strength of cohesive samples and provide selected moisture content tests. We would contact you for additional authorization if conditions are met which might justify additional laboratory testing to facilitate analysis.

**Engineering Services:** A geotechnical engineering report will be prepared for this project. The engineering report will summarize the results of the borings and provide our opinions and recommendations for the various geotechnical aspects of the project including bearing capacity,

estimated settlements, earthwork corrections (if necessary), utility recommendations, pavement design parameters, infiltration rates, etc. The Wisconsin DSPS form SBD-10793 would be filled out for the stormwater borings along with all necessary information and attached to the report. One bound and two unbound copies of the report will be provided, along with an electronic copy.

**Access and Schedule:** We have assumed that the borings locations are accessible to a standard truck mounted drill or a floatation tired drill.

Prior to drilling, we would contact Digger's Hotline to have the public utilities marked on site. A utility meet will be required. Any private utilities on site will be the Owner's responsibility for locating prior to our exploration. Cedar Corporation is to stake the borings.

We understand that earthwork is to begin before the ground freezes, which seems unlikely considering time of year and current weather. Our current schedule will allow us to initiate drilling services December 19, provided authorization is received in a timely fashion to clear utilities and for staking. Drilling would be expected to take about 1 week. The laboratory testing and final report are expected to require an additional 1 to 2 weeks after drilling is completed. We should be contacted if a specific schedule is desired.

**Insurance:** Our firm carries the normal types of insurances expected to conduct business in our field, at or above the minimums required by law. Certificates of insurance are available on request and could be provided to the client prior to commencement of services.

**Fees and Payment**

We will perform the work in accordance with the unit costs in the COST ESTIMATE below. The total cost for the scope as defined is estimated to be \$10,785.00. These costs would not be exceeded without a change in the work scope.

<b>Item Description</b>	<b>Quantity</b>	<b>Unit Cost</b>	<b>Cost</b>
<b>Field Services</b>			
Staking, lump sum	0	\$1,800.00	\$0.00
Utility Clearance, per hour	6	\$50.00	\$300.00
vehicle trip charge	1	\$110.00	\$110.00
<b>Drilling Services</b>			
Drill Rig & Support Vehicle, mobilization	1	\$500.00	\$500.00
Per diem	4	\$250.00	\$1,000.00
Boring Set-Up, per hole	34	\$50.00	\$1,700.00
Drilling and Sampling, per foot	593	\$8.00	\$4,744.00
Drill and Continuous Sampling, per foot	65	\$11.00	\$715.00
Borehole abandonment, per foot	658	\$2.00	\$1,316.00
<b>Laboratory Testing</b>			
Organic Content, per test	0	\$50.00	\$0.00
Fine Gradation w/ 200 wash, per test	5	\$80.00	\$400.00
<b>Geotechnical Report</b>			
Analysis & Report, lump sum	36	\$80.00	\$2,880.00
<b>Total Cost for Base Proposal:</b>			<b>\$10,785.00</b>

Any changes would be conducted at the unit rates included in the estimate. Our prior exploration to the west and across the highway from this project resulted in typical exploration depths in the 10 to 15 foot depth range – or about half of the desired depth in the work scope. If the exploration resulted in an average drilling depth of about 11 feet, the drilling work could likely be done in two days and the total cost would be reduced to about \$8,000.

An invoice for the work will be mailed to the client after the exploration report is completed. Payment for services is then expected within 30 days. Interest will be added to invoices over 30 days.

**Remarks**

We appreciate the opportunity to propose services to you on this project. Please feel free to contact us at (608) 782-5505, if you have any questions, desire further information, or wish us to evaluate a different scope.

Sincerely,  
Chosen Valley Testing, Inc.

## Taxes, guns, cola and carbon: The election in 34 other states

*Unlike Wisconsin, decisions on legislation in many other states can be made by referendum. This November, voters in 34 states considered 154 statewide ballot questions. Many were familiar: Tax changes and borrowing requests are always popular. Some of the more unusual proposals included: taxes on carbon emissions and soda, legalization of marijuana, and minimum wage hikes.*

**P**ost-mortems have largely been written on the recent electoral contests between partisan candidates, but less attention has been paid to referenda common in other states. The results are instructive for those seeking to identify emerging issues or changing attitudes that might eventually affect Wisconsin.

### There, but not here

Unlike a number of states, Wisconsin does not allow statewide legislative issues to be settled by initiative and referendum. Here, referenda are usually limited to constitutional amendments.

This November, 34 states held 154 statewide referenda. Although the total has declined from over 180 in 2010 and 2012, the number originated by citizen petition has grown. From 2008 to 2014, such questions averaged 49 per election; this year, that figure jumped to 71.

Referenda are most common in the west and south. Referendum-crazy California led with 17, followed by Alabama (14), South Dakota (10), Colorado and the state of Washington (each with nine).

### To tax, or not to tax

Taxes and borrowing are always ripe issues for referenda. Most of the tax questions in 2016 were familiar, but a few broke new ground.

■ *Carbon?* Probably the most controversial was a proposed carbon emission tax in Washington. The tax rate was to start at \$15 per metric ton of CO<sub>2</sub> in

2017, eventually rising to \$100 per ton. Even with offsetting tax cuts on retail sales and manufacturing, only 40.7% of voters approved.

■ *And soda?* Another emerging area of taxation is sugared soda. Following Berkeley's lead in 2014, sister California cities San Francisco, Oakland, and Albany all approved (by over 60%) soda taxes. By a narrower majority (54.0%), Boulder (CO) OK'd a tax of two cents per ounce, which make it the nation's highest soda tax. Outside spending from industry and New York billionaire Michael Bloomberg clashed in several contests.

■ *Sales.* Sales taxes are generally preferred over other types of taxes in public surveys. So, proposed increases in several states were not surprising.

However, the most far-reaching vote came in Missouri, where 57.1% of electors vetoed imposition of sales taxes on any service or transaction that had not been taxed before 2015. The move blocks future rate cuts in exchange for taxing new items, a popular reform with some on the right and the left.

Sales tax hikes, usually a half-cent, were common to pay for transportation and other projects. Referenda were approved in several California cities and Georgia counties. Seattle (54.8%) voted to boost its 9.6% tax to 10.1% to fund rail and bus expansions. Arlington, TX approved (60.2%) a package of consumer taxes, including a 0.5-cent sales tax increase to pay for a billion-dollar ballpark.

In other votes, Oklahoma (59.4%) turned down a one-cent increase to fund public education. Oregon (59.2%) said "no" to a 2.5% gross receipts tax on corporations with proceeds going to education, health care, and seniors.

■ *Tobacco.* Once viewed as "politically-safe," tobacco tax hikes met resistance in 2016. Of four states considering them, only California (62.9%) approved one: a \$2.00 cigarette tax hike to \$2.87 per pack, with equivalent increases on other tobacco and e-cigarette products.

Voter majorities in Colorado (53.1%), North Dakota (61.7%), and Missouri (59.2%) denied tax increases of \$1.75, \$1.76, and \$0.60 per pack, respectively. They proposed parallel increases on other forms of tobacco, as well. Missouri continues to have the lowest cigarette tax in the U.S.; North Dakota, the fourth lowest.

■ *Income, payroll.* California (62.1%) backed a 12-year extension of the nation's highest state tax rate (13.3%) on high-income individuals. Maine (50.4%) narrowly approved a 3% surcharge on income over \$200,000 to fund public education.

At the local level, Cleveland (51.4%) voted to raise its city income tax from 2.0% to 2.5%. But Olympia, WA voters rejected (52.3%) a 1.5% tax on high-income households that would have been Washington's first income tax.

In related votes, Louisiana (56.1%) refused to eliminate state deductibility of federal income taxes. And 78.9% of

Coloradans turned down a 10% payroll tax to fund universal health care. Employers (2/3) and employees (1/3) were to have shared the burden.

### Controversies du jour

November ballots also featured hot-button questions on marijuana, minimum wages, guns, and the death penalty.

■ **Marijuana.** Arizona, California, Maine, Massachusetts, and Nevada considered legalization of marijuana for private use by those over 21. Four states passed their referenda, though not overwhelmingly; percentages ranged from 50.2% in Maine to 55.8% in

California. Arizona rejected (52.0%) legalization. Arkansas, Florida, and North Dakota OK'd medicinal use of marijuana.

New revenue from taxing marijuana was likely a factor in these decisions. Neighbors Arizona, California, and Nevada all provided for a 15% retail or wholesale tax. California also required per-ounce cultivation taxes on flowers and leaves. Maine's tax was 10% on retail sales of marijuana and related products.

■ **Wages.** Phased increases of the minimum wage to \$12 per hour by 2020 were approved in Arizona (58.9%), Colorado (55.3%), and Maine (55.5%). Washington (57.4%) OK'd a phase-

in to \$13.50 by 2020. Although their legislature approved a "youth minimum wage" at \$1.00 below the usual \$8.50, South Dakota voters nixed the idea.

■ **Guns.** Background checks remain controversial. In Maine, voters rejected (52.0%) them for sales between unlicensed parties. Nevadans (50.5%) supported checks by requiring that all transfers go through licensed dealers. Californians (62.7%) backed permits and background checks for ammo sales.

■ **Capital punishment.** Ballot wording varied, but electors in California (53.7%), Nevada (61.2%), and Oklahoma (66.4%) all supported the death penalty. □

## Capital Notes

■ *New estimates from the Department of Revenue show state general fund tax revenues rising 2.3% in 2016-17, down from last January's 3.2% estimate. Tax collections are expected to increase 2.9% and 3.0% in 2017-18 and 2018-19, respectively. Slowing revenue growth will make development of the new 2017-19 biennial budget more difficult. The next issue of Focus will examine these revenue estimates and state budget prospects for the next two years.*

■ *The November election saw little change in the partisan make-up of the Wisconsin legislature. Republican padded their majorities by one seat in each house.*

■ *Both houses have selected new party leaders for the 2017-18 legislative session. In the senate, Republicans named Roger Roth president and Scott Fitzgerald majority leader. Opposition Democrats chose Jennifer Shilling as minority leader, pending a recount.*

*Meanwhile, the assembly GOP reelected Robin Vos speaker and Jim Steineke majority leader. Rep. Peter Barca (D) will again serve as minority leader.*

■ *Federal judges struck down (2-1) Wisconsin's 2011 legislative redistricting plan as an unconstitutional partisan gerrymander. The panel gave each side in the case 30 days to file briefs on a potential remedy. The case is likely to be appealed directly to the U.S. Supreme Court.*
