February 2019

From the Mayor's desk

Happy winter everyone! This winter is like the ones I remember as a kid, lots of snow. It definitely has been a challenge to keep the snow cleared off driveways and sidewalks. I appreciate everyone being patient with the snow removal from the streets and sidewalks and doing your part to keep them clean. We have a great public works crew. Don't let winter and the snow win, get out and enjoy the sunny days and build a snowman so when the weather gets to you, you can knock the snowman down to help you feel better. Think spring but hope for a slow warm up to prevent flooding please. Spring also brings openings on the city's boards, commissions, and committees. The city would appreciate your consideration in serving your community on one of the following; Plan Commission, Cable Committee, Police Commission, Board of Appeals and Housing Authority. If you are interested or want more information please contact me at 715-262-3615 or City Administrator, Jayne Brand at 715-262-5544. Your community would greatly appreciate your service. Have a great day. Mayor David Hovel

Wanted Artist to Beautify the City of Prescott

As part of the Riverfront project the Parks and Public Property Committee have decided to paint a mural under the car bridge. There will be lighting added to this area to help make the area more secure and add the finishing touches onto the mural.

Artwork of the mural will need to be approved by the Wisconsin Department of Transportation and the Parks and Public Property Committee.

You can work as a solo artist or as a group. Proposal for the mural should be positive, original and creative and may (but are not required) to reflect the following:

- The character and culture of Prescott and/or the St. Croix and Mississippi Rivers
- The history of Prescott
- The history of the St. Croix and Mississippi Rivers

You receive a free book to keep when you register your child, rewards to motivate your child along the way and tips to help you make reading aloud a daily habit

IS THIS SNOW EVER GOING TO END????

I think we all have been asking this question during the month of February. Just a couple of reminders:

Snow parking is in effect November 1st to April 1st parking restrictions will be enforced. This is important because snow removal is a challenge for the Department of Public Works to begin with and it's an even bigger challenge when we leave

our cars parked on streets making it virtually impossible for the whole snow removal process to effectively take place.

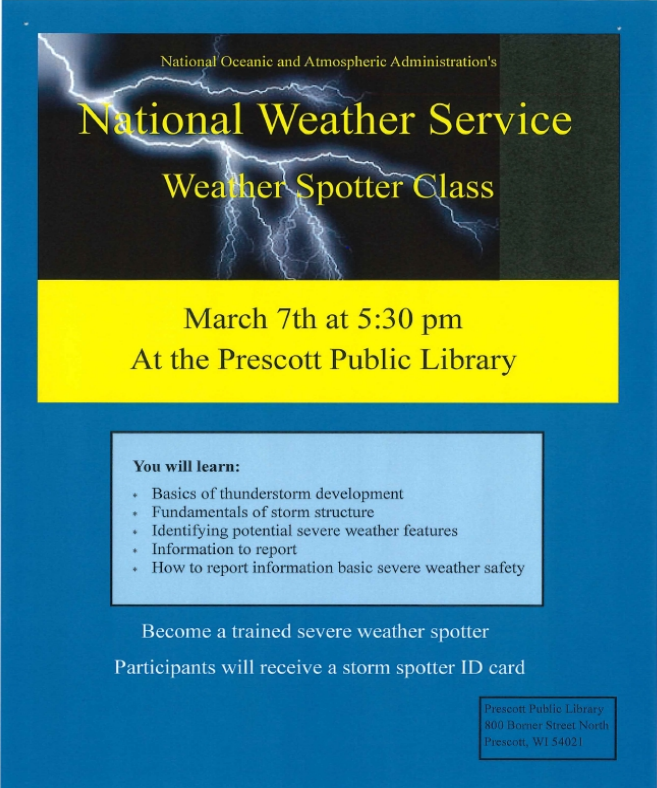

Please be aware when it snows the city plow trucks will be working. Vehicles left on the street will be subject to a municipal citation and removal of the vehicle at the owner's expense.

Snow needs to remain on your property. When removing snow by shoveling, blowing or plowing, the snow needs to remain on your property. Do not place the snow in the city street. You should not place snow on your neighbor's property especially when plowing snow across the street from your driveway unless you can work something out with your neighbor. Citations can be issued for snow removal.

Mailboxes & Fire Hydrants. Every owner shall keep mailboxes located on a terrace area free and clear of snow. Help is also needed for keeping your fire hydrant clear.

Garbage Cans. All garbage containers shall be placed in your yard or driveway **ADJACENT** to the street or alley. (Not on the street or curb). Please set them back two (2) feet from the existing plow line.

Sidewalk Shoveling should be completed within 24 hours of the snowfall. If you are unable to get it down to the concrete please put down some sand or salt. If your sidewalk remains not shoveled, the city will have it shoveled and the fee will be charged back to the resident.
